

The image shows a Windows terminal window with the following content:

```
Problems 4 Output Debug Console Terminal Ports
Terminal
(.venv) PS C:\Users\jubay\ws\jensen-IOT-lab> docker compose exec db psql -U student -d jensen_iot
psql (16.14 (Debian 16.14-1.pgdg13+1))
Type "help" for help.

jensen_iot=# SELECT COUNT(*) FROM measurements;
count
-----
 9861
(1 row)

jensen_iot=# SELECT AVG(temperature) FROM measurements;
avg
-----
21.4066075769854133
(1 row)

jensen_iot=# SELECT *
FROM measurements
WHERE created at >= NOW() - INTERVAL '24 hours';
jensen_iot=#
```

At the bottom of the terminal window, there is a status bar that says "Indexing completed." and a Windows taskbar with various icons.
